HARRYHAUSEN The Lost Movies
Highly Recommended. By John Walsh. Known for his iconic stop-motion creatures, Ray Harryhausen was at the forefront of Hollywood special effects for much of the 20th century. His films include One Million Years B.C., Clash of the Titans and Jason and the Argonauts. But for every film that reaches the big screen, half a dozen projects are never realized. This explores Harryhausen’s unrealized films, including unused ideas, projects he turned down and scenes that ended up on the cutting room floor. Never-before-seen artwork, sketches, photos and test footage from the Harryhausen’s unrealized films, including unused ideas, projects he turned down and scenes that ended up on the cutting room floor. Never-before-seen artwork, sketches, photos and test footage from the Harryhausen Foundation archives. Titan, 2019.

MADNESS IN CROWDS The Teeming Mind of Harrison Candy
Our Highest Recommendation. Famed artist and publisher Denis Hitchen and his daughter Violetta created the first-ever comprehensive examination of this great artist, while collecting an amazing array of 300 genuine horror images. Harrison Candy (1877–1970) was one of the definitive magazine illustrators and cartoon artists of the first half of the 20th century. He created countless worlds of anthropomorphic lives: the Peter Rabbit Sunday page, the Happy Chaps for the magazine St. Nicholas, and illustrations for dozens of the Thornton Burgess books, filled with talking woodland animals and beloved by readers. Beehive, 2019.

News & Notes
Christmas ordering deadlines: We strongly recommend that you order by Dec 12th if you are on the east coast, and by Dec 16 on the west coast. In the midwest, figure between those dates. The Post Office offers no guarantees this time of the year. With RUSH service, you can order as late as Dec 19th. Another reason to order early, although I hate to admit it, is that we do run out of items occasionally, particularly hot new ones—so it’ll improve your chances to order soon.

The Art of Mac Raboy, the cover feature on our Fall catalog, has shipped to us as I write this (November 1). But it’s not in this catalog since it hasn’t arrived as we put this to bed. Our last cover feature, The Art of Allen Anderson, came one of the richest men in Europe. Ruthlessly building his business, selling to but also shaming the Nazis in occupied France. Buying the loyalty of criminals, police and Nazis alike...all the while protecting his family and workers. Dead Reckoning, 2019.

MARVEL COMICS IN THE 1980S
By Pierre Comtois. Twomorrows Publishing presents Marvel Comics in the 1980s, the third volume in Pierre Comtois’ heralded series covering the pop-culture phenomenon on an issue-by-issue basis! This new book covers Marvel’s final historical phase, when the movement begun by Stan Lee, Jack Kirby, and Steve Ditko moved into a darker era that has yet to run its course. The 1980s saw Stan Lee’s retreat to the West Coast, Jim Shooter’s rise and fall as editor-in-chief, the twin triumphs of Frank Miller and John Byrne, the challenge of independent publishers, and the weakening hold of the Comics Code Authority that led to the company’s creative downfall—and ultimately the marginalization of the industry itself. 2014. An award-winning illustrator who has collaborated with the likes of John Wagner, Grant Morrison, and Matt Fraction. 2011.
Vol 27 Ron Garney
Recommended. By Jorge Khoury, Eric Nolen-Weathington. Ron Garney knows how to tell a story on the comics page. He can draw cinematic blockbuster action with the best of them, as his iconic runs on Captain America, Wolverine, and Weapon X will attest. But he also excels at depicting the quiet moments. There is emotional nuance in his work, which elevates every story he illustrates. Join the authors along with Jason Aaron, Tom Palmer, Alex Ross, and friends as they present his art and career, The interview explains his creative process, and here is rare and unseen art, including a gallery of commissioned pieces, many in full-color. 2011.

Here is a full bio of Powell: high school drawings, discovery of Bemi Wrightson and the EC gang, work for Hellboy, and more. Comic book pages, color full page drawings. Eric Powell is a sick, sick man. Sick...but brilliant. How else would he have been able to come up with The Goon? NUDE By Stefan Rappo
Recommended. Stefan Rappo’s nude photography strikes an intriguing note between intimacy and distance. A longtime assistant to Peter Lindbergh and a renowned portrait photographer, Rappo has found his own nude pictorial language: unusual poses and angles, interesting settings including the desert, the beach, vintage cards, swimming pools. And a good number of underwater shots and those including water that are quite arresting. Nude is Rappo’s very first collection. Attractive oblong format, hardcover, very nice work.

TOM KELLEY’S STUDIO
Visionary Color Nude Photography: 1940s-1970s. Highly Recommended. By Peter Doggett. Edited by Tom Kelley Jr. and Tony Nourmand. In 1948, celebrity photographer Tom Kelley took a photograph of an out-of-work actress: it’s here on the cover. That actress was Marilyn Monroe. In 1953, this became Playboy’s first-ever centerfold. This is but one image from a vast, previously unseen archive of Kelley’s visionary nude photography, wonderful period pieces, often staged with fun backdrops, with each model identified. Please note these images have not been done for calendars or upscale appearances; these are NOT typical–fresh and different. We like this very much. Reel Art, 2014. Mature Readers. TKSH. MUSE Signed
Signed bookplate by Dodson. New printing, new cover. Our Highest Recommendation. By Terry Dodson and Denis-Pierre Filippi. Terry Dodson is already a master of the female figure, as evidenced particularly in his fine Bombshells sketchbooks. Here he's taken that eroticism a big step farther, creating a voluptuous, gorgeous heroine in a full graphic story with gorgeous artwork, dramatic storytelling and yet a wonderful vehicle for drawing a tall, long-legged, stunning woman either naked or in various states of undress throughout the story. Coraline is a beautiful young lady who serves as governess to a wealthy, inventive and very mysterious homeowner. It's a Victorian-age tale but with steam-punk vehicles and other fun touches. Humanoids, 2019. MUSEH. HC, 10x13, 112pg, FC $24.95
